

A NEW HOME; WHERE THE FUTURE AWAITS

After more than two decades at our current physical address, Williamson House, on 4th Ngong Avenue, Upper Hill, Nairobi, Kaplan & Stratton is delighted to announce to you, our valued client, that we are moving offices! As with every milestone, we wish to share this pivotal moment with you.

Our new home, with effect from the month of October 2026, will be the panoramic 21st and 22nd Floors of the imposing Global Trade Centre (GTC) Tower, sited at the junction of Chiromo Road and Chiromo Lane, in Westlands, Nairobi.

As we settle into our new home, we will continue to embrace our long-held stirring mantra: ***Carpe Futurum!*** Seize the future!

Literally, this move is a significant transition for the K&S community. Even as we reach out for the proverbial skies, our enduring commitment and central objective remain unchanged. As a full-service firm, we persist in providing well researched, expeditious and cost-effective legal advice leading to solutions which are both practical and viable across all practice areas in Kenya and beyond.

We major in, but are not limited to, Anti-trust and Competition, Anti-bribery and Anti Money Laundering, Banking & Finance, Corporate & M&A, Employment & Pensions, Intellectual Property, Real Estate & Construction, Tax, Private Clients, Company Secretarial and of course Dispute Resolution.

We look forward to welcoming you to Kaplan & Stratton at GTC.

Yours sincerely,

A handwritten signature in dark ink that reads "Fred".

Dr. Fred Ojiambo, SC, MBS
